Exhibit 51

Good morning Willy,

Thank you again for the time on the phone yesterday. Todd asked me to let you know that the wire for the \$5 Million goes out today after market. He can then send a wire for the machines but it won't be until tomorrow. I was hoping for something sooner but I hope that you understand that the process is working as Todd described however it is never as fast as I expect.

I'll continue to provide updates as we get the wire ready to release.

Please send me the conf for the \$100k wire that is going out this morning.
Will wait to hear update on balance after 2:00 pm today.
Thanks.
Was great speaking with Todd yesterday. He sounds like a sharp cookie.
